ARMISTICE DAY

November 11 marks the 80th anniversary of the cessation of hostilities at the end of World War 1.

During that war, 361 men and 4 women from Morwell Shire volunteered for service. Their ages ranged from 18 to 44 years - the average age was 24. Of these 361, 9 did not leave Australia, 10 died of disease, 17 died of wounds, 49 were killed in action, 257 returned to Australia and the fate of the other 19 is unknown. Source: **Duty Nobly Done** - John Pearson.

Our President, Stephen Hellings, has compiled a register of the men who had an association with Morwell Shire and who lost their lives as a result of war service. These may have enlisted elsewhere but are connected in some way with our locality - many are recorded on local memorials. The first part of the Register records the men's personal details and war service. The second part is devoted to newspaper articles and notices concerning the servicemen. Entitled '*Lest We Forget*', it will be available for reference at the Information Centre.
